

**CANDIDATE FOR DIRECTOR
BIG BEAR MUNICIPAL WATER DISTRICT, DIVISION 1**

NAME: JAN STOLL

AGE: 67

OCCUPATION: Retired Business Executive

I am running for the Division 1 representative to the Board of the Big Bear Municipal Water District.

The mission of the MWD is: Stabilize the Level of Big Bear Lake. Its duties include keeping the water safe for wildlife and recreation. The five member board is a working board, with members serving on various committees to oversee the operations of the MWD.

My extensive business experience makes me qualified to serve on this board. I have a solid background in finance, contract negotiations, and am accustomed to working on teams to accomplish objectives.

Since my husband and I purchased our home on Baker Pond (Stanfield Marsh) in 1994, I have had a personal interest in the welfare of the Lake. I am committed to spending the time required to do the job well. I am currently president of ChamberMaids and my husband, Ernie, has been with the Sheriff's Department Citizens on Patrol for over 10 years. We love our community and our Lake.
